

# WI-FI SMART SOCKET 3.0 SET UP INSTRUCTIONS

## Bluetooth: Preferred Set Up

Use this method to quickly set up a Smart Socket 3.0 device on the Brilliance Smart app via Bluetooth.

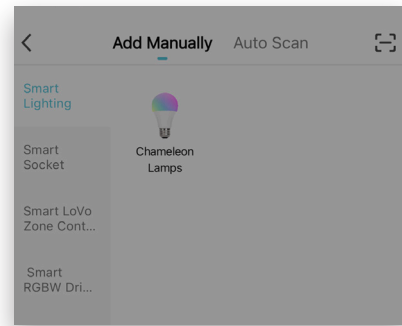

## Technical Requirements

Must have consistent 2.4 GHz Wi-Fi signal at the installation location with dBm strength of -70 or better.

- 1. Download Brilliance Smart** from the Apple App Store or Google Play by scanning the QR code. Register for an account if you are a first time user.

- 4.** The **Add Manually** tab is displayed and the Bluetooth begins looking for a new device.

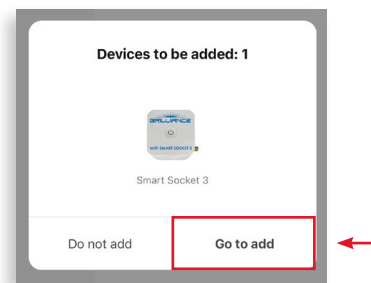

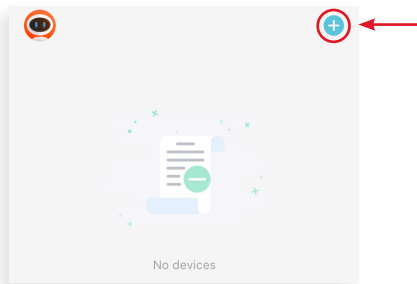

- 2.** In your phone's settings, **make sure Bluetooth is turned on.**

- 5.** When the device pairs via Bluetooth, the Devices to be Added box is displayed. Tap the **Go to Add** button.

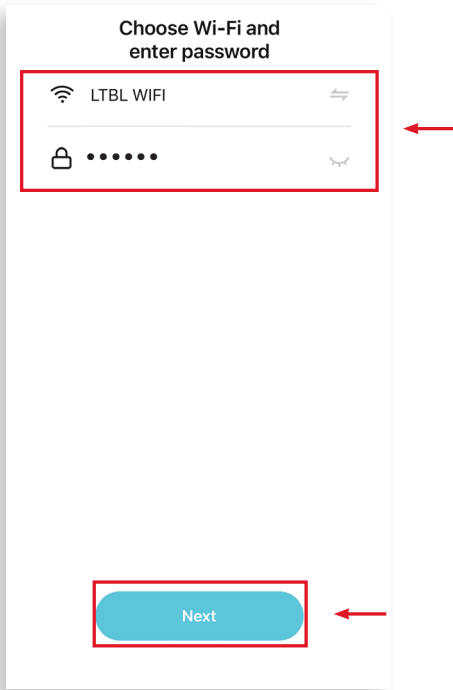

- 3.** Open the Brilliance Smart app and tap the **Add** button in the upper-right corner.

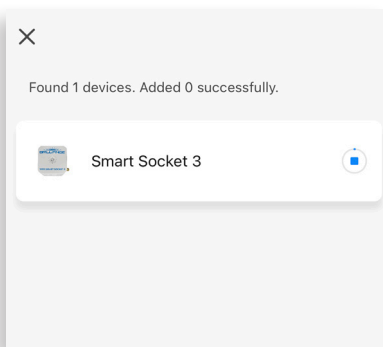

*Set Up continues on the next page*

# Bluetooth: Preferred Set Up, Continued

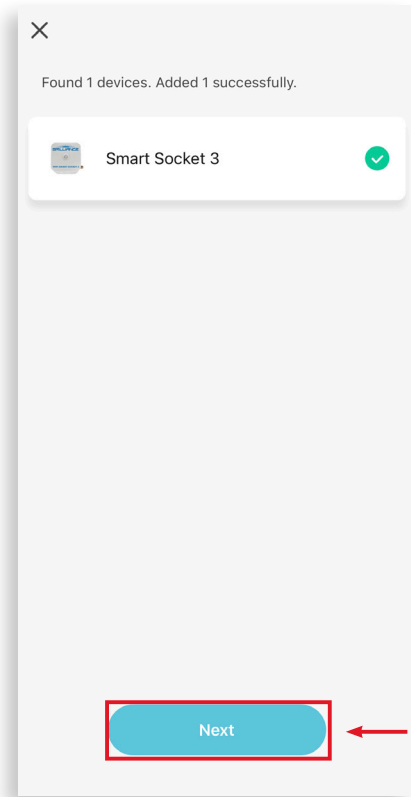

6. Enter your 2.4 GHz Wi-Fi information and tap **Next**.

7. The Smart Socket 3 device will automatically start connecting to the app.

8. When the device is connected, tap the **Next** button at the bottom of the screen.

9. When the device is connected, the Added screen is displayed. Tap the **Pencil icon** to rename the device, then tap **Done** to finish.

**NOTE:** If Bluetooth Set Up does not connect, try the AP Set Up instructions.
