

DIRECTIONAL DOWNLIGHT

DESCRIPTION

The Black Diamond Directional Down Light works with MR16 lamps or MR16 Chameleon lamps.

Fully potted body and threaded cap with convex lens. Can be used for up and downlighting applications.

It features a 9.5" adjustable glare shield.

Tree Mount accessory, with specialized course and machine thread standoff bolt and nut package included.

When using in a tree, consult with an arborist for the best way to mount for the particular tree species
