ADJUSTABLE AQUABEAM

MADE IN AMERICA

DESCRIPTION

The Adjustable AquaBeam has been redesigned to use MR16 lamps (sold separately) for underwater applications. This new construction allows you to specify the wattage, beam spread, and color for your lighting design and is field serviceable. The Adjustable AquaBeam is precision machined from C464 Naval Brass and offers vertical and horizontal adjustment. It works best with premium Brilliance MR16 4W, 5W, or 7W lamps. Dimmable with Brilliance Dimmer and most magnetic transformers.

ADJUSTABLE AQUABEAM

Use	**Fully Submersible, Ideal for Saltwater Applications**
Finish	**C464 Naval Brass**
Includes	**25 ft Lead, Stainless-Steel Bracket (marine grade), and 30 in. Lead**
