

COMMAND SERIES PAVER LIGHT

The Command Series Paver Light combines sleek architectural design with advanced smart control. Featuring a durable aluminum body, an IP66-rated weather-resistant construction, and seamless paver integration, it offers instant dimming, selectable color temperatures, and on-site wattage adjustment with a dedicated remote. Its self-contained control network requires no Wi-Fi, hubs, or repeaters, while the serviceable light module allows easy maintenance without removing surrounding pavers.

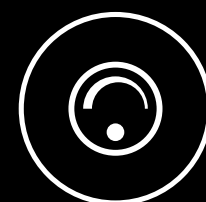

FLUSH MOUNT DESIGN

Integrates cleanly into pavers for a refined look.

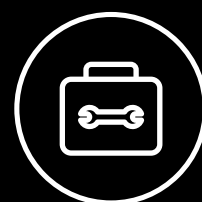

SELECTABLE COLOR TEMP

2700K, 3000K, 4000K, 5000K
Set the perfect tone.

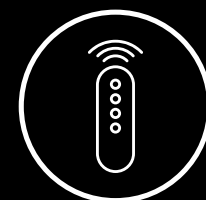

INSTANT DIMMING

Adjust brightness & wattage with one touch.

SERVICEABLE MODULE

Easy replacement without removing surrounding pavers.

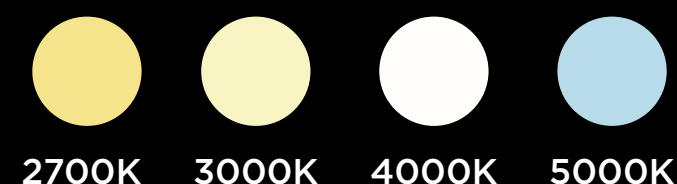

SMART CONTROL. NO COMPROMISES.

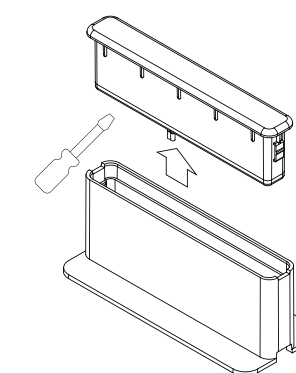

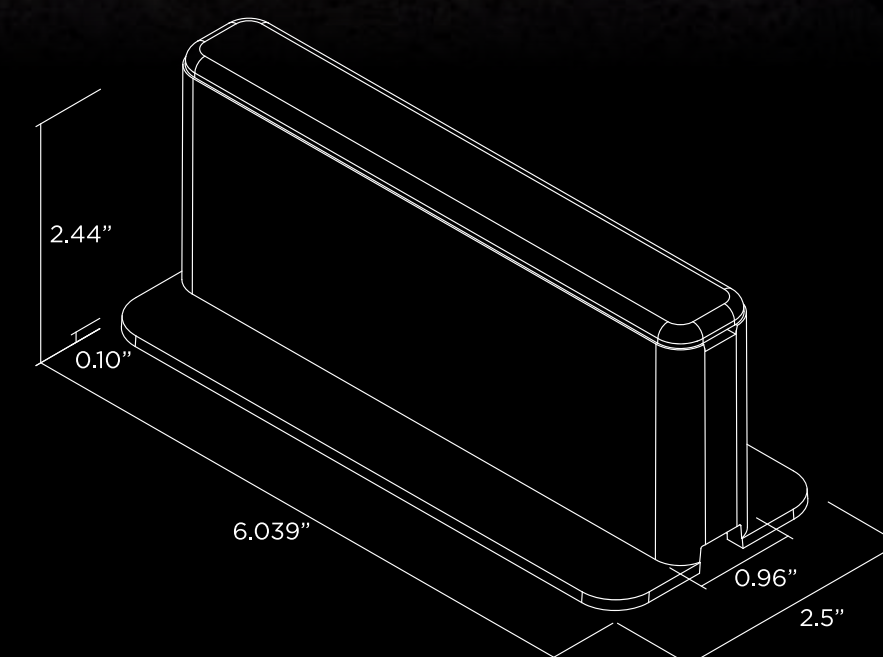

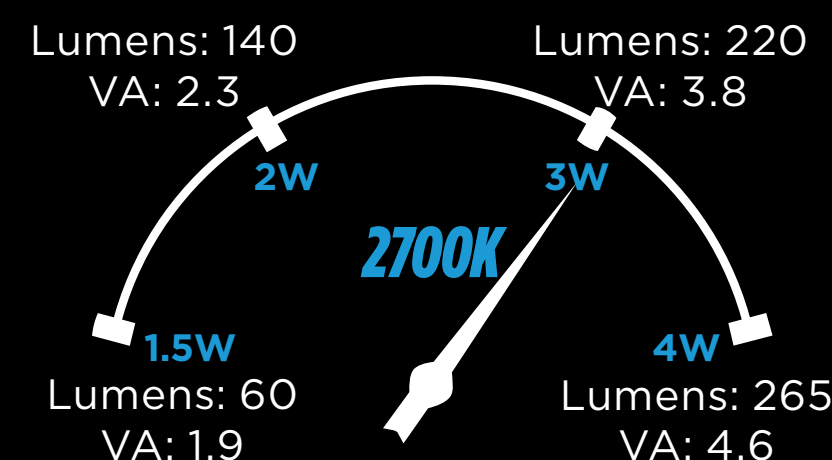

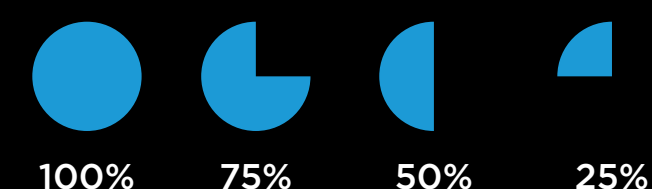

No Wi-Fi. No Hubs. No Repeaters.
